Intro text

Welcome to MySchool

With great rich text editing features you can create really engaging assessment reports for your community.

Create legends explaining your assessments and grading ladder.

Exceeding
Meeting

90%+, A grade,
60% - 90%, B grade

Point out key achievements within the school or class level

- Student x from class Y represented the county this term. Well done student X
- Student y has been awarded some award from somewhere. We are proud of their achievements.
- All of class level Z have completed the term with 0 bad conduct reports, well done to all.

Explain life at school and include pictures

- Make your grade reports show the life in the school.
- Explain events, and add non academic achievements. The assessment report could show sporting accolades for example.
- Include pictures

Student Label Info

Want to add some information for the student? Use the student label info to pull information directly from the students profile using replacement tags.

Create custom fields for House, Boarding, and sport team inclusion.

Name : Barton, Erik

Start date with school: 09/01/2016

Date of Birth: 07/29/2010

Student House:

Arts&Crafts Yr4A

Learning standards achievement scale

Arts&Crafts Yr4A Total Score 11

Ethics Yr4
L. Green

Use achievement scales to answer close ended questions. Open up student reflections and allow students to reply with either open ended or close ended feedback on their achievements within the course.

Scales, Select, Attendance, and student reflections

Did the student understand the concepts of the course this term? Y

Did the Teacher understand the difference between select and scales options? N

Students can fill out a text field on their portals to give feedback on their progress, or raise concerns that they may need assistance in certain topics.

This is a open ended text submission from the student

Students can give feedback on specific questions Understood

Students can answer questions with multiple answers. Topic 2, Topic 3, Topic 1

Language L2 - Yr4A
A. Mercer

Myschool assessment can be a simple grade entry, and also include complex formulas with normalised results. the final formula has a weight of 25/25/50 in the final formula

Classic exam grades and formulas

Individual Project mark (max out of 25) 10/25

Team project (Out of 50) 20/50

Exam grade 55/100

Formula of Grades normalised out of 100% 48

Here we group LO's and comment into an assessment section

Some good work here Erick, let's keep it going until the end of the year.

Performance test

Performance test 1		65/100
Performance test 2		75/100
Performance test 3		85/100

Here we group performance test grades and feedback

Great work Erick

Social sciences Yr4A
B. Dunlap

The assessment module is totally customisable. We love to showcase the possibilities, but if you just want to show a grade and a comment, then no problems... Here it is!

As simple as

Exam		95/100
------	--	--------

Great work this term. keep up the effort and the final exam will be a breeze.

Introduction to IT Yr4A
S. MSM User

Course teachers can also add comments to each student. Use comment templates which with adaptive replacement tags, allows the Teachers to personalise their messages to their students.

Learning standards and comments

IT Learning standard 1		2/4
IT learning standard 2		4/4
IT learning standard 3		4/4

Here is where individual course teachers can give their feedback to each student. Use either text or rich text options.

Great work erick

Environmental sciences Yr4A
I. Crane

Pull in assignment averages and calculate single term or create a formula to cover semesters or full year builds. why not add a comment field from the Teacher?

Use assignment averages within your assessment report and grading strategy

Assignment average T1	75
-----------------------	----

Teacher feedback on continuous assessment targets and goals. Make this mandatory or not.

Erik has shown his understanding throughout the year. In class, he applies himself to the tasks, and always shows that he has the interest level to explore the further reading and research the subject. His grounding will work well for him in the future.

Myschool assessment can be a simple grade entry, and also include complex formulas with normalised results. the final formula has a weight of 25/25/50 in the final formula

Classic exam grades and formulas

Individual Project mark (max out of 25)	20/25
Team project (Out of 50)	40/50
Exam grade	67/100
Formula of Grades normalised out of 100%	74

Mathematics Yr4A
M. Teacher

Here we are using LO's with an achievement scale to calculate a total within the learning outcome.

Learning standards numeric total

Math Learning standard 1		2/4
Math learning standard 2		2/4
Math learning standard 3		1/4

More effort is needed next term Erick

Review panel comment field

This is the general comment used by the head of year, school, or class teachers to give feedback on effort. Use the templates with replacement tags to give personalised messages to your students across a class level.

Erik is a great student!

Erik has proven to be a valuable student. He is well respected with his peers, and he applies himself to the tasks in hand. His academic achievements are combined with his interest in extra curricular activities and clubs.
